

F1 Race Report - Vegas

So that's done and dusted. Max wins the World Championship for the third time. I know he's got four, but he's only won three....

No-one predicted Russell to win, no-one had Russell as the Driver of the Meeting, four had Mercedes to score highest over the weekend, 3 feature in the top 5 below.

No topped the podium in Vegas. No Drivers in the right places, but points picked up on the teams. It was so close behind them. **Racing Cart-El** split **WaxMeStrapOn Racing** and **Getting Lauda** who are both in the hunt for top finishes in the overall table and 'cash'.

It's never over until the over-sized females serenades us, and the points from Vegas may still prove this to be the case.

We Are Checking stay top over **Wax MeStrapOn Racing** but there was a huge gain by the second placed team. Have they left the push too late with two races left. **Red Bull HR Dept** dropped points on **WMSOR** as well, whilst **Getting Lauda** gained on **RBHR** and **Mansell & Vettel** as the run in sparks into life.

Full Driver Tables and Team Tables are on the website, The Driver's Table has its own tab, the Team is on The Useful Stuff page.

The top five also now appear on the Dashboard, and do get updated when I make any updates during the Race weekend.

The Dash also shows the points they've won in the last dozen or so races.

Two races now until the payout

The Table	Race 22/24	£534.36
First	We Are Checking	£274.36
Second	Wax MeStrapOn Racing	£130.00
Third	Red Bull HR Dept	£70.00
Fourth	Mansell & Vettel	£30.00
Lottery Prize	Podium finishes by British Drivers in 2024, 21, currently paying out to No	£30.00

That last £30.00 could well be paid out to the bottom team, every British Driver finish counts, and the number of Podium Finishes by any Brits will determine the place the cash gets paid to.

We're off to Qatar on the 29th November, and the deadline on Saturday, 3PM

That's Saturday 3PM
